NEW APPLICANT—ISSUING A PROVISIONAL MHRT I:

1. Review the applicant's resume/job application. Have they ever worked for another mental health agency?
 - a. **YES:** Have they ever been issued a Provisional MHRT I or a Full MHRT I? If unsure, notify CFL to check the MHRT database. Provide the first/last name of the individual and a middle name/initial if available. If the individual has had a name change (marriage or divorce), please also include their previous name. If it is found that the individual has not been issued a Full or Provisional MHRT I, you can issue a Provisional MHRT I. Continue to Step 2 below. If they have been issued a certificate in the past, please see page 2 under "NEW APPLICANT WHO ALREADY HAS A CERTIFICATE"
 - b. **NO:** Contact CFL to check the MHRT database for the individual as in 1a above. If the individual has had a name change (marriage or divorce), please also include their previous name. If it is found that the individual has not been issued a Full or Provisional MHRT I, you can issue a Provisional MHRT I. Continue to Step 2 below. If the applicant has been issued a certificate in the past, please see page 2 under "NEW APPLICANT WHO ALREADY HAS A CERTIFICATE"
2. Review the *2006 Provisional Mental Health Support Specialist (MHSS) Handbook* with the new employee. The instructions in the manual state the new employee's supervisor should do this. Some agencies have HR do this. Please keep this consistent within your agency to make it easier to track and confirm that the process has been completed. A copy of the handbook is maintained in both Word and Adobe PDF formats on the CFL website at: <http://cfl-muskie.org/> Click the FORMS link.
3. After reviewing the handbook with the new employee, the reviewer (supervisor or HR representative) completes a *Provisional MHRT I Form* found in the back of the handbook. It can also be downloaded from the link in Step 2. The supervisor (or HR representative) completes the top portion of the form and indicates the effective date (usually date of hire) and expiration date (one year after the effective date) in the appropriate spaces. The supervisor and new employee must sign the form. A sample completed form is shown in Appendix A at the end of this guide. **TIP:** The Word version of the form on the CFL website can be filled-out before printing, ensuring everything except signatures is legible.
4. Forward the Provisional MHRT I form to the address at the bottom of the form for approval by CFL. Multiple forms can be submitted at the same time for review. Please submit the form via mail, fax, or scanned as an email attachment. **Please note:** *The signed form must be submitted to CFL as soon as possible and not more than 30 days after the effective date.*
5. Once approved and signed, CFL will return a copy to the agency. It is considered effective the date the agency indicated (step 3).
6. Make a copy and provide it to the new employee for their records. Make sure they understand that they do not need to forward a copy to CFL as that has already been done.

SIMPLE STEPS TO MHRT I CERTIFICATION

NEW APPLICANT WHO ALREADY HAS A CERTIFICATE:

A. New Applicant who was issued a Provisional MHRT I in the past:

A new hire who has either indicated they've had a Provisional MHRT I in the past or that CFL has found in their records has had a Provisional MHRT I in the past, might still be eligible for a new Provisional MHRT I. A Provisional MHRT I is valid for 12 months and it does not need to be 12 consecutive months. For example, the individual could work at Agency A for five months, leave that agency and eventually be hired by Agency B. Agency B can issue a certificate valid for seven months (the balance of time remaining). Here are the steps to do this:

1. Contact the agency that previously employed the applicant and obtain written documentation of the employee's severance date.
2. Determine how much time remains from the employee's original Provisional MHRT I. You may contact CFL for this (per page 1) if the applicant isn't sure when their Provisional was issued. As long as they have not used all 12 months, you may issue a new Provisional for the time remaining.
3. Submit to CFL: the new Provisional MHRT I covering the time remaining, a copy of the written documentation in step 1 and a simple cover letter indicating you're requesting a Provisional MHRT I for the new employee for the time remaining from the original. It must be signed by both your agency and the new hire, just like a normal 12-month Provisional. **Please note:** *The signed form must be submitted to CFL as soon as possible and not more than 30 days after the effective date.*
4. Once approved, CFL will return a signed copy. Make a copy to provide to the employee for their records. Make sure they understand they do not need to resubmit it to CFL.

NEW EFFECTIVE JANUARY 27, 2022: If the individual has used up all 12 months previously AND the individual has been out of the field for at least six months with a lapsed provisional MHRT I, they may be eligible for a one-time short-term (up to three months) provisional certification to update their required training for full certification. This application from the agency must include a clear training plan (courses and dates) and a Provisional MHRT I certificate for the time period requested signed by the agency representative and the employee. Additionally, the agency must include documentation that the individual has been out of the field for six months. The individual must complete all expired training outlined in Section C on page 4.

TIP: If the employee has used all 12 months previously, and are not eligible for a short-term Provisional, they can still complete the required trainings for MHRT I and apply for a full MHRT I.

B. New Applicant who has a Full MHRT I:

A Full MHRT I remains valid as long as all required trainings are kept current. Once an individual has been issued a Full MHRT I, *it is the responsibility of the individual and their employer* to keep their trainings current in their files. The applicant should be able to produce copies of their training certificates. As long as they are current, Full MHRT I is valid.

NEW EFFECTIVE JANUARY 27, 2022: An individual that has been out of the field for at least six months with a lapsed MHRT I, they may be eligible for a one-time short-term (up to three months) provisional certification to update their required training for full certification. SIMPLE STEPS TO MHRT I CERTIFICATION

C. Training Requirements for the Short-Term Provisional MHRT I:

Those who are issued the one-time short-term Provisional MHRT I as mentioned in A and B above must complete all of the following that are not current:

MHSS*

First Aid

CPR

Behavioral Intervention Training

Maine's Mental Health System 101 found at: <http://training.cfl-muskie.org/>

Skill Development for Work in Residential Settings found

at: <https://www.ccsme.org/product/skill-development-for-work-in-residential-settings-1/>

And The Introduction to Substance use Disorders in the Direct Service Worker Trainings found on: <https://workforceprotectiontraining.org/>

*--Full MHRT I certificate holders who completed Residential Care Specialist (RCS) who cannot locate their RCS certificate **MUST** complete MHSS.

FULL MHRT I CERTIFICATION

To obtain the Full MHRT I certificate, an individual must complete the following:

1. Mental Health Support Specialist (MHSS)
2. A DHHS-Approved Behavioral Intervention Training (Ex: MANDT, PRAB, Safe Crisis Management)
3. First Aid
4. CPR (usually combined with First Aid)

All trainings must be face-to-face with the exception of American Heart Association's or HIS's blended First Aid/CPR course where some of the training is conducted online, but includes a face-to-face testing component.

All trainings must be current at the time of application.

For a list of substitutions for the MHSS and links to resources for each training, please see the following page on the CFL website: <https://cfl-muskie.org/certifications/mental-health-rehabilitation-technician-mhrt-i/> (Click on Full Certification). A list of MHSS substitutions can also be found on page 5 of this guide.

When an individual completes the above, they apply to CFL to obtain their Full MHRT I. An agency may also apply on behalf of the individual. When an agency applies, they are expected to make a copy for their records and give the original to the individual.

To apply, submit to CFL (address on page 1) a simple letter of application with the applicant's current return address, phone number, and email address at which the applicant can be reached during normal business hours and include legible copies of original training certificates for the requirements listed above. All trainings must be current at the time of application. The application letter and copies of the training certificates may be submitted by mail, email, or fax.

Note: The effective date of the Full MHRT I is the date CFL receives all required paperwork.

SIMPLE STEPS TO MHRT I CERTIFICATION

TIP: Make certification a standing item on team meeting agendas or in individual supervision. The Full MHRT I is current only as long as the required trainings are kept current in the files of the employer and the employee. If a training expires, the MHRT I is not current until that training is updated. There is no grace period for this.

SUBSTITUTIONS ALLOWED FOR REQUIRED TRAININGS FOR FULL MHRT I:

MHSS: Residential Care Specialist (RCS) certification; Current Full Mental Health Rehabilitation/Community (MHRT/C) Certification; Master's Degree in Social Work; Master's Degree in Counseling, Community Mental Health or other Master's level education that reflects a counseling concentration; OR License as one of the following Master's Level Clinicians: LMSW; LMSW-CC; LCPC-CC; LCPC; APRN, CCS (Certified Clinical Supervisor); Psy.D/Ph.D. Psychologist; or MD/DO Psychiatrist

First Aid/CPR: EMTs may submit a copy of their current license in substitution for the First Aid/CPR training.

CURRENT EMPLOYEE HAS FULL MHRT I, BUT SOME TRAININGS HAVE EXPIRED

*It is the responsibility of the individual and the employer to keep all trainings required for the Full MHRT I current in their files. If a training expires, the Full MHRT I is not considered current until that training is updated. Sometimes, extenuating circumstances occur that prevent someone from keeping their trainings current. Examples of extenuating circumstances include: death in the family, medical/maternity leave or active military duty. In these instances, you can apply for a short-term Provisional MHRT I for your employee. These are reviewed on a case-by-case basis and the extenuating circumstances are taken into consideration along with the amount of time requested. *There is no guarantee that your request will be approved.* The process is similar to "New Applicant with Full MHRT I" on Page 2.*

1. Write a cover letter indicating what the extenuating circumstance was (Ex: employee was out on maternity leave, listing dates of leave), which training(s) need to be updated and the date(s) they will be updated on.
2. Include a Provisional MHRT I for the time needed and submit it and the letter to CFL. **Please note:** *The signed form must be submitted to CFL as soon as possible and not more than 30 days after the effective date.*
3. If approved, you will receive the certificate back signed by the CFL rep. If denied you will receive a letter indicating it is denied.

TIP: Make certification a standing item on team meeting agendas or in individual supervision. Trainings must be current for a valid MHRT I.
