

**CREDIT FOR WORK EXPERIENCE FORM FOR
DOMAIN 6: MIND-BODY CONNECTION**

Name of Applicant: _____

Name of Clinical Supervisor*: _____

The Clinical Supervisor must have provided direct clinical supervision to the applicant during the time frame referenced in this waiver request and must be a Master's level clinician. Acceptable credentials include LCPC, LCSW, APRN, Psychologist, MD/DO, and Psychiatrist. For a complete listing of acceptable credentials, please refer to the Guidelines for MHRT/C Certification.*

Dates of Supervision (start & end): _____

Please note that each waiver request must have its own specified and distinct time frame. Pathway B individuals may use the same six-month period for up to two Domains. Pathway C individuals may use a six-month period for one Domain.

By initialing each knowledge competency for this MHRT/C requirement below the Clinical Supervisor* attests that the applicant has a high level of competence in them. **Please attach a document summarizing the work the applicant has performed under supervision that relates directly to these competencies for this course. Please give specific examples of how the applicant has demonstrated these competencies in their work. Clinical supervisor must sign each additional page.**

_____ Describe the interdependent relationship between mental illness and physical health and give examples.

_____ Describe the value and importance of integrated care.

_____ Recognize the spectrum of substance use disorders, including the psychological signs and symptoms, as well as common behavioral addictions.

_____ Explain the role of medication in symptom management, including the potential for psychiatric and physical side effects of any medication.

_____ Explain the case manager's role in the person-centered planning process and how to identify and refer to appropriate wellness promotion programs and community, peer, and web-based healthcare resources.

_____ Describe the benefits of shared care planning and ways to incorporate an individual's needs and preferences in goal-setting.

_____ Relate the significant impact of smoking on individual health, particularly those with serious mental illness, and identify evidence-based cessation resources.

_____ Have an understanding of the etiology, progression, and treatment of common co-morbid conditions.

**CREDIT FOR WORK EXPERIENCE FORM FOR
DOMAIN 6: MIND-BODY CONNECTION**

- _____ Define various social contexts and risk factors affecting consumers with comorbid conditions, and the impact on the consumer's overall health and well-being.
- _____ Discuss a variety of treatment interventions and settings for common co-occurring conditions.
- _____ Identify strategies to assist consumers in developing personal-care skills such as managing stress, assessing triggers, and monitoring medications.
- _____ Give examples of community and web-based resources that support wellness and recovery.
- _____ Describe the Behavioral Health Homes (BHH) model and other models that promote the integration of physical and behavioral health services and the potential benefits of integrated care services and supports to consumers

I have enclosed a document summarizing how the applicant has met these knowledge competencies in their work. (Please check when completed.)

I confirm that I provided direct clinical supervision to the applicant during the time referenced in this waiver request. I have discussed these elements with this individual and attest that this individual has acquired the competencies for the course to be waived as listed in the Procedural Guidelines for MHRT/C.
